

We understand complex challenges.

Your Mission is Our Mission

Creative Liquid is an award-winning media firm specializing in high impact video production, mobile video and website development. We tell stories, your story. We have a track record of successfully working with a variety of federal agencies and producing a wide range of projects. From leadership presentations to public outreach we can help.

We do this with high impact video, modern and accessible websites and creative consulting. Our experience includes agencies both in the defense and civilian sector.

Video Production

- **Creative Concept Development:** Making an impact on your audience starts with developing concept and fine tuning your message.
- **Scripting:** Taking your message from written text to a story that's visual.
- **Production Management:** This is the key to keeping a project on time and on budget.
- **Crew:** When it's time for cameras to roll our team is ready with everything your production will need.
- **Casting:** From on camera to voiceover.
- **Post-Production:** Editing, motion graphic design, and sound design.
- **Closed Captioning:** Delivering 508 compliant videos.

Live Streaming & Events

- **Live Event Streaming:** Reach a global audience with HD streaming.
- **Events:** Record keynote speakers and presentations and share them with your audience online following the event.
- **Promote:** Create a call to action to encourage participation in events, conferences and research.

Information Technology

- **Website Development:** Planning, designing, building and testing. Content management solutions, SEO, accessibility.
- **Social Media:** Connect with your audience.
- **508 Compliance:** Accessibility and compliance with Section 508.
- **Blogs, Podcasts:** Generate content that is useful to your audience.

Consulting

- **In-House Capabilities:** Many agencies want some in-house creative capabilities and we can evaluate your needs and make recommendations that work.
- **Branding & Identity:** This is your lasting impression on your audience.
- **Talent Coaching:** Train your leadership for public speaking, television interviews, and presenting to members.
